

S-35 NAS Mini-ITX Series

Maximizing Hard Drive Capacity, Protecting Critical Data

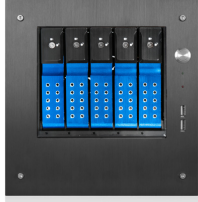

Those who desire to connect their storage device to multiple computers will find a friend in our new line of S-35 NAS cases. Instead of direct attached storage, which limit you to only one computer per storage device, network attached storage allows you to connect your storage to multiple computers so different users can save onto and share files from the storage device. You can edit, copy and delete, and perform other control functions through NAS software that feeds directly into your hard drives.

The S-35 series is made up of pairings of the S-35 NAS Case plus one of our mobile drive cages installed. As the S-35 is only compatible with iStarUSA drive cages, see the table below for the list of model numbers and their respective pairings. Jump on these NAS cases to maximize storage capacity up to 5 bays and enable storing of mass data.

S-35 NAS Mini-ITX Series

Maximizing Hard Drive Capacity, Protecting Critical Data

Product						
	S-35-3M1 Compact Stylish 3x 3.5" Hotswap mini-ITX Tower	S-35-3DE1 Compact Stylish 3x 3.5" Hotswap Trayless mini-ITX Tower	S-35-B4SA Compact Stylish 4x 3.5" Hotswap mini-ITX Tower	S-35-DE4 Compact Stylish 4x 3.5" Hotswap Trayless mini-ITX Tower	S-35-B5SA Compact Stylish 5x 3.5" Hotswap mini-ITX Tower	S-35-DE5 Compact Stylish 5x 3.5" Hotswap Trayless mini-ITX Tower
Standard Drive Bays	2.5" Drive (internal): 1 Hotswap 3.5: 3	2.5" Drive (internal): 1 Hotswap 3.5: 3	2.5" Drive (internal): 1 Hotswap 3.5: 4	2.5" Drive (internal): 1 Hotswap 3.5: 4	2.5" Drive (internal): 1 Hotswap 3.5: 5	2.5" Drive (internal): 1 Hotswap 3.5: 5
