

# Transportation and Aviation Lightweight Rackmounts

## iStarUSA's Compact Aluminum Rackmount microATX Chassis

### *Reliable*

These Rackmounts are a reliable series of stable 2U - 4U high 15" depth industrial server chassis. The full size I/O supports all ATX motherboard with Dual-core/ Quad-Core processors. The backplate supports your choice of 7 full-height add-on cards or 4 low profile add-on cards.

### *30% Less Weight than Your Average Chassis*

Ideal for travel, this lightweight Rackmount can drastically decrease the weight of the entire unit which can be backbreaking after adding the weight of the Rackmount transporter. Also, its compact size keeps the chassis' content from moving around.

### *Compact*

These chassis are less than 20" deep making them extremely compact in size. In addition, they support a standard ATX PS2 power supply to meet regular server system applications.
