

Power UP with XEAL 1U Flex

Your Source of Highly Efficient, Highly Protected Power

A Steady Stream of Power for Uninterrupted Work

XEAL brand 1U Flex Power Supplies are equipped to be your power source for steady, seamless work. This line of 1U Flex power supplies has a range of wattages from 150W to 300W, and all are compactly designed to fit perfectly into your 1U rackmount chassis.

Tested and Tried for High Efficiency

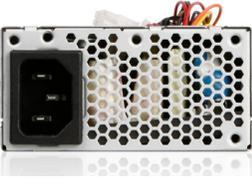

To keep you and your work safe as you chug along, our engineers have designed these Flex power supplies to self-protect against overvoltage, overcurrent, and short circuiting. And they're manufactured with your electricity bill in mind, having been dubbed the award for 80 Plus Bronze High Efficiency.
